At the Sign of the Pipe ISBN 9780956710260 (November 2018)

116 pages, paperback, music examples, £12 ~~10~~

The Toccata and Fugue in D minor BWV 565 has been one of the most popular pieces in organ recitals for more than a century. However, the longstanding attribution of this work to Johann Sebastian Bach has been questioned by many scholars. Dr Rolf Claus has examined both the historical sources and scholarly literature and provides a detailed analysis of the available evidence for the attribution of this iconic work. First published in 1998, in German, this updated edition includes recent research in a translation by John Sayer.
